Link share rewards

# About

Spreading the word out can be rewarding and in a sign of appreciation for this, we have created a system that can monitor and reward our members for their hard work.

# Summary

---

In this documented tutorial we will proceed through steps and see how to:

- Obtain your referral link
- Share our pages with anyone
- Monitor your rewards
- Transfer and receive points from other members

## Advanced Management Options

### Obtain your referral link

For this purpose we are giving for granted that you are already a member and you are currently logged in to your profile page.

The very first thing that is required is to access the Settings Area of your profile page. This is the place for changing settings and various other configurations.

#### NOTE

Simply login to your Community Profile Page first, then visit your Advanced Management. <https://well-cell.com/social-account/>.

## Obtain your referral link

Now look at the bottom of the green layer there is your predefined URL link for sharing.

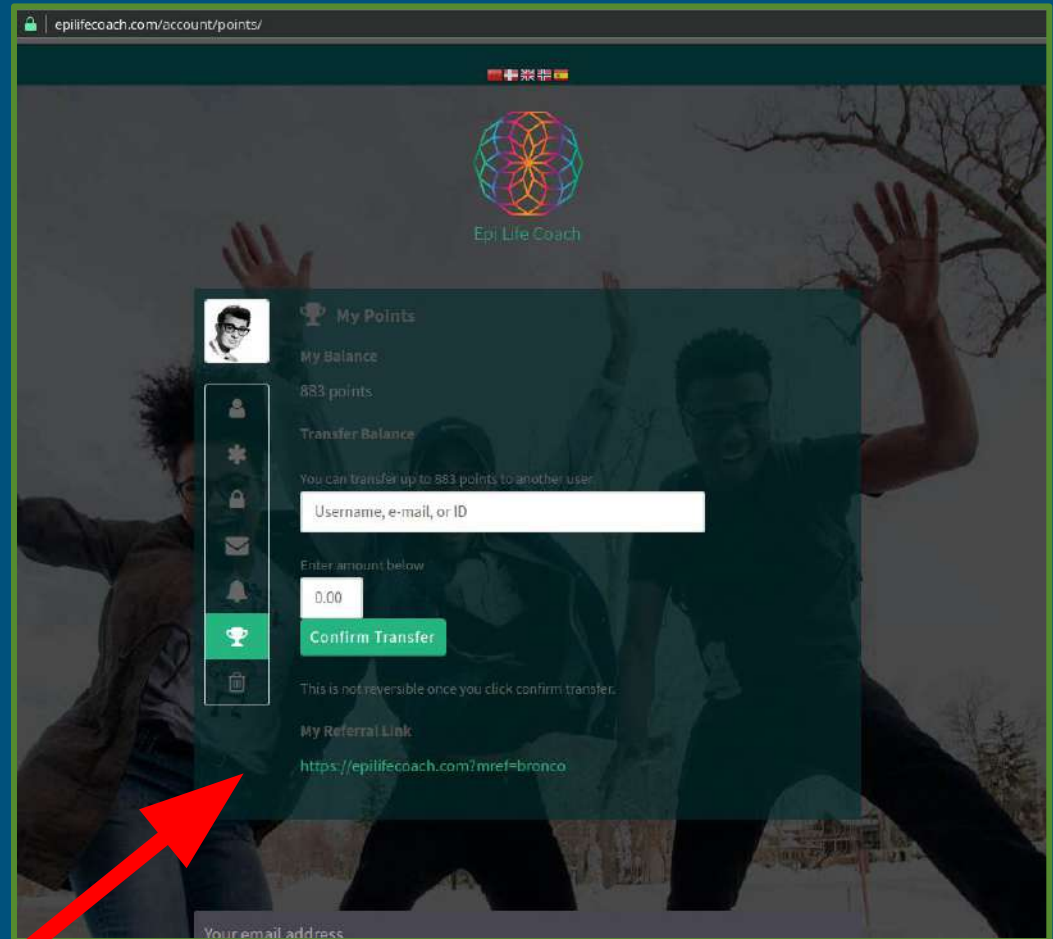

The links should be somethings like this:

<https://well-cell.com?mref=user>

The final part is the actual referral code. So anything that goes after the .com, (in this case “user” stands for your username).

You can share any page from our website by appending your referral code at the end of the page URL.

See an example in the next page.

Here is your referral link

Share our pages with anyone

4/6

To share a page is as easy as just this:

1. Copy the URL of the page you want to share
2. Add your referral link after the .com like this:  
?mref=yourusername
3. Now you should have something like the following:  
<https://well-cell.com/product/en-body-sculpting/?mref=yourusername>
4. That's it, you done it. If your share is successful and it will be clicked you will receive 10 rewards points directly onto your account.

## NOTE

Check on the next page to see how to monitor your sharers.

## Monitor your rewards

This is another easy task to achieve as the monitoring happens in real time with our notification system so keep an eye on it.

Whenever your link gets clicked you will receive a confirmation from our notification system.

As per other communication you will see a little red disk on the bell at the very bottom right of your screen with a number indicating how many notifications you have. Just click on the bell and once the menu expands your notification should be there.

## Transfer and receive points from other members

There might instances in which you would like to transfer some or even all your points to another member, for instance, as a birthday present or as a good gesture

In order to do a transfer you need to be logged in into your community profile page and as per steps before have to visit the Advanced Management area.

From here click on the “My Points” tab and you will see a field where you are allowed to write another member’s name or ID. after you have done so fill the next field with the amount of points you would like to transfer and hit the “Confirm Transfer” button.

Select username/ID and amount

A screenshot of the Epi Life Coach website's points management interface. The browser address bar shows 'epilifecoach.com/account/points/'. The page features a sidebar with icons for a lock, envelope, bell, trophy (selected), and trash. The main content area is titled 'My Points' and shows 'My Balance' as '883 points'. Below this, it states 'Transfer Balance' and 'You can transfer up to 883 points to another user'. There are two input fields: 'Username, e-mail, or ID' and 'Enter amount below' (with '0.00' entered). A large red arrow points to the first input field. At the bottom, there is a green 'Confirm Transfer' button and a disclaimer: 'This is not reversible once you click confirm transfer.'

# Conclusion

In this tutorial we have covered the steps to take in order to use our rewards system for sharing links of our web pages with your friends and / or colleagues. Please do not forget that you can also share on social accounts posts like Facebook and Twitter. This will probably maximize your chances to get the link clicked and be rewarded.
